

# WE ALL ARE #Unkürzbar

On 19.12.2024, the Berlin state government plans to vote on the biggest programme of cuts in decades. 3,000,000,000 (3 billion!) euros. The cuts will affect all areas of social life. Mobility, transport, climate protection and the environment, culture and education, youth and family, urban development, construction and housing, science, anti-discrimination, inclusion, health and care.

In the long term, these cuts will have a catastrophic impact on the social fabric of our society.

**We will not let that happen to us! We want a Berlin for everyone!  
We will not be pitted against each other!**
